.

The National Center for Cybersecurity Technology (C4C) at King Abdulaziz City for Science and Technology (KACST) is hiring. If you are a Math, EE, CE, or CS graduate (or soon to graduate) with high GPA, please contact us. Males and females are welcome.

Benefits:
·       Working with top ranking international partners
·       An opportunity for a full fellowship to study in top universities in the US and Europe

Requirements:
·       BSc/MSc in Electrical Engineering, Computer Engineering, Computer Science, or Mathematics
·       Interest in the field of information and network security
·       High GPA

Please send your resume to career.c4c@kacst.edu.sa
