

Discover Your Future: Apply to King Abdullah University of Science and Technology

King Abdullah University of Science and Technology (KAUST) offers top minds from around the world a chance to embrace their passion for discovery through science and research.

With its interdisciplinary approach to education, KAUST provides students the opportunity to be part of cutting-edge academia and innovation for the future. Focusing exclusively on high-impact, graduate-level education and research, KAUST transforms the lives of individuals through academic and personal growth. Our alumni emerge as scientific and technological leaders ready to address important regional and global challenges.

Benefits of studying at KAUST include:

- A strong, robust network of top faculty, scientists and researchers
- The opportunity to conduct impactful research in an interdisciplinary environment
- Collaborative work with our global network of top-tier academic institutions and industrial partners
- Access to state-of-the-art research facilities
- A multicultural community with access to many services and world-class amenities
- Generous fellowship that covers tuition, housing and healthcare, and allows students to focus on their research and studies

Located on the Red Sea coast of Saudi Arabia, KAUST is a graduate university offering M.S. and Ph.D. degrees in Bioscience, Environmental Science and Engineering, Marine Science, Applied Mathematics and Computational Science, Computer Science, Electrical Engineering, Chemical and Biological Engineering, Chemical Sciences, Earth Science and Engineering, Materials Science and Engineering, and Mechanical Engineering.
